

THE American GIRL SHOE

Your Shoes Should Be as Stylish as Your Costume

The average woman is mighty particular in the matter of "style." She would be indignant if she were compelled to wear a suit or hat that didn't reflect the newest fashions, and the best fashions, at that!

Why should she be less particular about her shoes. They contribute just as much to her appearance as any other article of apparel.

Style, in the making of shoes, is a fine art—and its highest point of perfection has been reached in the American Girl Shoes.

American Girl Shoes are designed by "shoe artists"—men who do nothing else but create women's footwear. So faintly are American Girl models shaped that they display the natural curves and arches of the feminine foot to the utmost advantage—and frequently permit the wearing of a *smaller sized* shoe.

But over and above anything else, American Girl Shoes have *style*! They reflect the season's latest and best shoe fashions. They are made on new and ex-

clusive lasts. They are leaders—not followers. America's best dressed women wear the American Girl Shoe. Along the fashionable boulevards of the leading cities of America the shoe that is most in evidence is American Girl.

The beauty of American Girl Shoes are more than "skin deep"—it goes below the surface. You will not find better leather, more careful workmanship, finer finish, or greater wear in custom-made shoes at \$4, \$5, \$6 and \$10 than you will find in the American Girl Shoe. And when you buy American Girl Shoes you don't have to take *any style*—you can select the *exact style* you want. There is a American Girl Shoe appropriate to every costume and every occasion.

Failure to inspect the American Girl Shoe before purchasing elsewhere means one of two things—disappointment or the payment of a dollar or more than would have been necessary to secure an American Girl Shoe of equal value, in point of style and all-round servability.
